**New****Magnetic door stop****AISI 316****FLUSH****PATENTED (UTILITY MODEL)****Code** 38.155.80

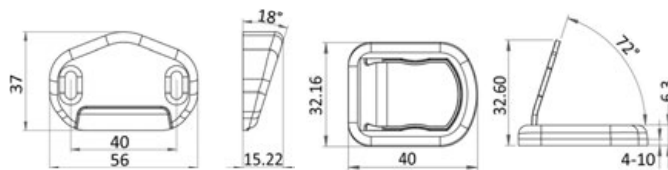

Magnetic doorstop consisting of two components: door block with 18° inclined magnet and ground block with retractable plate.

The magnet lifts the plate when the door is approaching and the block is activated.

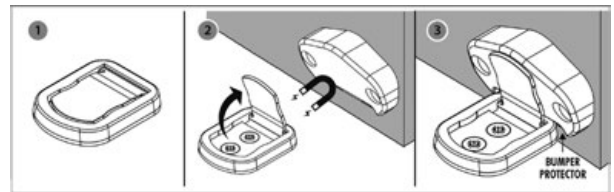

When not in use, the plate automatically returns to a flat, recessed, obstacle-free position.

Equipped with shock and anti-vibration gaskets and a set of 2 gaskets (2 mm and 4 mm) to adjust the ground block height as required.

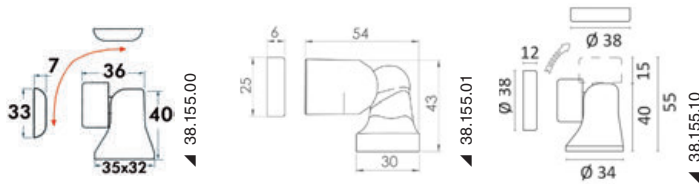

For 4 to 10 mm floor height doors stops.
