

Stainless steel rollers

DOUGLAS MARINE AISI316 stainless steel bow shield

Mirror-polished AISI316 stainless steel bow shield, bored and countersunk. Supplied with a pre-fold, it adapts to the different bow shapes of boats when installed. With oversized thickness, it resists even the most violent impacts.

Douglas Marine

Code	Thickness	Dimensions mm	Weight
01.290.01	2	340x520	1.78
01.290.03	2	680x450	3
