

RECONSTRUCTION MANUAL FOR SPARE KILL SWITCH

Set contents:

1x ZB Kill switch SMO: 2180067-0

Reconstruction

Disconnect and remove the old kill switch

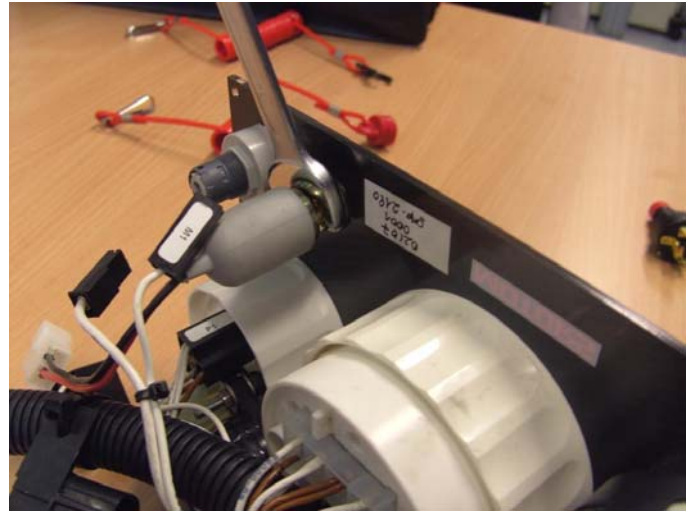

Remove the cap and washer from the new switch and put it through the hole

RECONSTRUCTION MANUAL FOR SPARE KILL SWITCH

Put the washer and the cap back on and tighten the cap as much as possible by hand

Tighten the nut on the backside of the panel

Connect the kill switch to the connectors marked M1 and M2. The polarity is not important.
