

R Series are **Heavy Duty Buoys** in which **the rib-reinforced rock solid ropehold** is made in such way, in order to provide **extra strength and durability**. A versatile buoy for **the most adverse conditions**. Marking gear for ocean, sea, river or lake, it is becoming **widely popular among commercial fishermen** for its durability but also among the recreational boats too. They are one-piece made, which means that **no parts are attached together** to form the finalized buoy, and has consistent wall thickness and UV resistant.

Suitable for any use and any kind of boat from 20-80ft, the Ocean Buoys "fends" proudly.

- Inflation pressure: 2.1lbs/0,15bar at 68°F/20°C
- Material: Plastisol PVC
- Production process: Single procedure Rotational moulding

Model	Colour	Code	Dimensions		Eye Diameter	Volume per products (lt)	Buoyancy (kg)	Weight (kg)	Boat Size (ft/m)
